## Antonio Carraro Mach 4

A crawler that combines the qualities of a Bidirectional articulated tractor with the extraordinary traction and low ground pressure of a standard crawler. Just 51.18 inches wide with 4 track units that allows rear pair to follow the exact path of leading pair. This allows tight turns without skidding and does not disturb soil on turns. Here is an 87 HP tractor weighing 6720 lbs. that puts just 2.84 lbs. of ground pressure per square inch, less than a man's footprint. Introductory price today \$69,500. Be among the first to put these unique qualities to work in your operations.

Specification:

### **ENGINE HOUSING ENCLOSURES**

87 HP Turbo charged, water cooled, direct injected diesel with 4 cylinders and 16 valve; Dry Air cleaner and Muffler

### **TRANSMISSION**

Synchronized transmission gearbox with 32 speeds, 16 fwd + 16 rev and synchronized shuttle reverse;

PTO 540/540e independent ground speed with progressive electro hydraulic engagement;

Start inhibit switch on shuttle reverse and PTO selector;

Electro hydraulic front/rear or only rear differential lock;

Electro hydraulic disengagement control for front drive wheels;

Hydraulic clutch.

### **HYDRAULIC SYSTEM**

Auxiliary rear hydraulic remotes with 3 valves (2 double acting and 1 single acting), 1 oil return;

2 Hydraulic pumps 11 gal per minute;

3 pt. 5291 lbs. lifting capacity;

Lift arms with sliding quick couplings cat 2;

Adjustable rear swinging draw bar.

### **BRAKES**

Front/rear wet disc brakes;

Emergency and parking brake work on transmission
